

t.EFAV1 - English for Aviation 1

Person responsible for the course: David Stamm, stam

Credits: 1

Valid for: 2011/2012

Last saved: 31.08.2011 12:49

Learning objectives:

General: level C1 (Common European Framework)

The students

- understand complex texts/discussions/presentations and abstract topics in the field of aviation and in general,
- understand primary texts and grasp the main points of newspaper articles in their original English version,
- express themselves nearly fluently, both written and orally, on complex and abstract themes in general as well as in the field of aviation,
- are able to discuss even with native speakers and to give their point of view without being a burden to others,

- can explain advantages and disadvantages, can summarise (written and orally),
- make presentations and write papers and summaries using an adequate level of language,
- are familiar with specific topics of Business English and Technical English.

Course content:

- methodically varied introduction to different topics, combined with exercises to expand and elaborate
- vocabulary, grammar
- comprehension (listening and reading)
- written and oral expression
- reading: primary texts (newspapers, Internet and literature) on topics at the interface of aviation, society, business, politics, current affairs and culture, with an emphasis on Anglo-Saxon culture
- speaking: presentations on the topics mentioned above, also discussions (perhaps with English-speaking guests/experts), defending a personal opinion, expressing consent or dissent
- writing: well structured texts (papers, arguments, discursive texts), standard language level, complex structures
